1 3/4"	6 1/2"	1 5/32"	
1 13/16"	6 1/2"	1 5/32"	78.00
1 7/8"	6 1/2"	1 5/32"	
1 15/16"	6 1/2"	1 5/32"	
2"	7 1/2"	1 5/32"	
2 1/16"	7 1/2"	1 5/32"	
2 1/8"	7 1/2"	1 5/32"	
2 1/4"	7 1/2"	1 5/32"	
2 3/8"	7 1/2"	1 5/32"	102.00
2 1/2"	7 1/2"	1 5/32"	

Recommended Rasp: 4024 Recommended Driver: 1001

The shaft of this regular straight stem Moore prosthesis is an I-Beam design for maximum strength. The stem resists rotation and provides fenestrations for self locking. Made of highly inert Zimaloy.

4024 FISHER GUIDE AND RASP 57.75

Designed for the 4022 prosthesis. The handle is removed after insertion, providing a small platform which gives the proper angle for precise shaping of the femoral neck to the prosthesis seat. 16" long.
